MÁXIMO
ÓPTIMO

Is Máximo Óptimo a juggler?

Not really but he juggles with two knives and a chainsaw.

Is he a musician?

Not really but he plays the accordion while he is drinking from a glass in balance over his nose.

Is he a soldier?

Not really but he wears an uniform and think he is.

Is he a clown?

Not really but he makes people laugh.

Is he an equilibrist?

Not really but he rides an unicycle that is extremely high.

Máximo Óptimo is certain to be all this things, but in fact, he is nothing more than a crazy man.

Máximo Óptimo is pleased to introduce you his permonfance. A new concept based on humor and circus. A fresh show where his best plays and hilarious gags take place and who has been playing and making laugh all around Europe and America for the last ten years.
